

METROSHINGLE®

MetroSHINGLE® Patent No.: US 6, 269,603

A green roof product designed for the future.

Metro panels are made from the world's most recycled material – Steel! The oil-free natural granite stone granules are graded to Metro's unique 18-grade size to provide a tight coating that enhances the panels pressed details and ensures long-life durability. A Metro roof will enhance your homes appearance and value and is backed by a 50-year limited warranty and a 25-year limited appearance warranty. All panels come with an attractive stone coating embedded in a UV resistant acrylic polymer for a lasting bond to the steel.

**METRO Shingle®
in Sage Green**

A Company You Can Trust

Metro roof panels are backed by a 50-year limited warranty to stand against the elements. We know that installing a new roof isn't the end of the story. Your satisfaction is ultimately our success. Our warranty serves as a reminder that we're building a relationship – and relationships take time. At Metro our philosophy is pretty straightforward – listen to the customer, design to meet the needs, manufacture to the highest quality and back it all with the best warranty in the business! We take pride in our products and it shows – everywhere a Metro roof stands!
